EXPERIENTIAL LEARNING METHODOLOGIES

With inspiration from the **National Education Policy (NEP), 2020**, our College has placed the learner as the centre of all teaching-learning processes. The college has initiated several programmes and activities to make the teaching-learning process more student-centric, experiential, interesting, and effective. The college has a programme named **SkillUp@VTB** to ensure the skill enhancement of the learner through direct experience and training. Various activities and methodologies that ensure experiential learning are:

- **SkillUp@VTB**
 - Skill training programmes provided by Additional Skill Acquisition Programme (ASAP)
 - Work Readiness Programme for final-year students
 - Training Programmes on capacity building on Latec, SPSS, Tally, R.
 - Training on Soft Skill Development on Inter-personal Relationships, Counselling and Team Spirit.
 - Add-on and Certificate courses for skill enhancement
- **Student Exchange Programme:** Realised through UGC Component 1 STRIDE Project.
- Young Innovation Programme (YIP) Innovation and Entrepreneurship Development Centres (IEDC) Entrepreneurship Development Cells: To promote entrepreneurship skills of our students.
- **Diploma in Computer Application** in association with Kerala State Electronics Development Corporation Ltd.
- **Internship:** provided for final year Post Graduate students of Computer Science.
- **Walk with Scholar (WWS):** for skill enhancement of gifted children.
- **Heritage Walks :** conducted for the students of History.
- **Archaeological Museum:** for the students.
- **Industrial Visit :** organised for the students of the Department of Commerce, Management and History.
- **Field Survey:** undertaken by the Commerce, Economics, History and Management students.

SkillUp@VTB

A programme to enhance the skills of the students

SkillUp@VTB, the premier skill enhancement program at Sreekrishnapuram V.T. Bhattathiripad College, is dedicated to bridging the gap between academic knowledge and industry demands. This programme offers a blend of expert-led workshops, certifications, and practical training in both technical and soft skills, aiming to foster holistic development and career readiness.

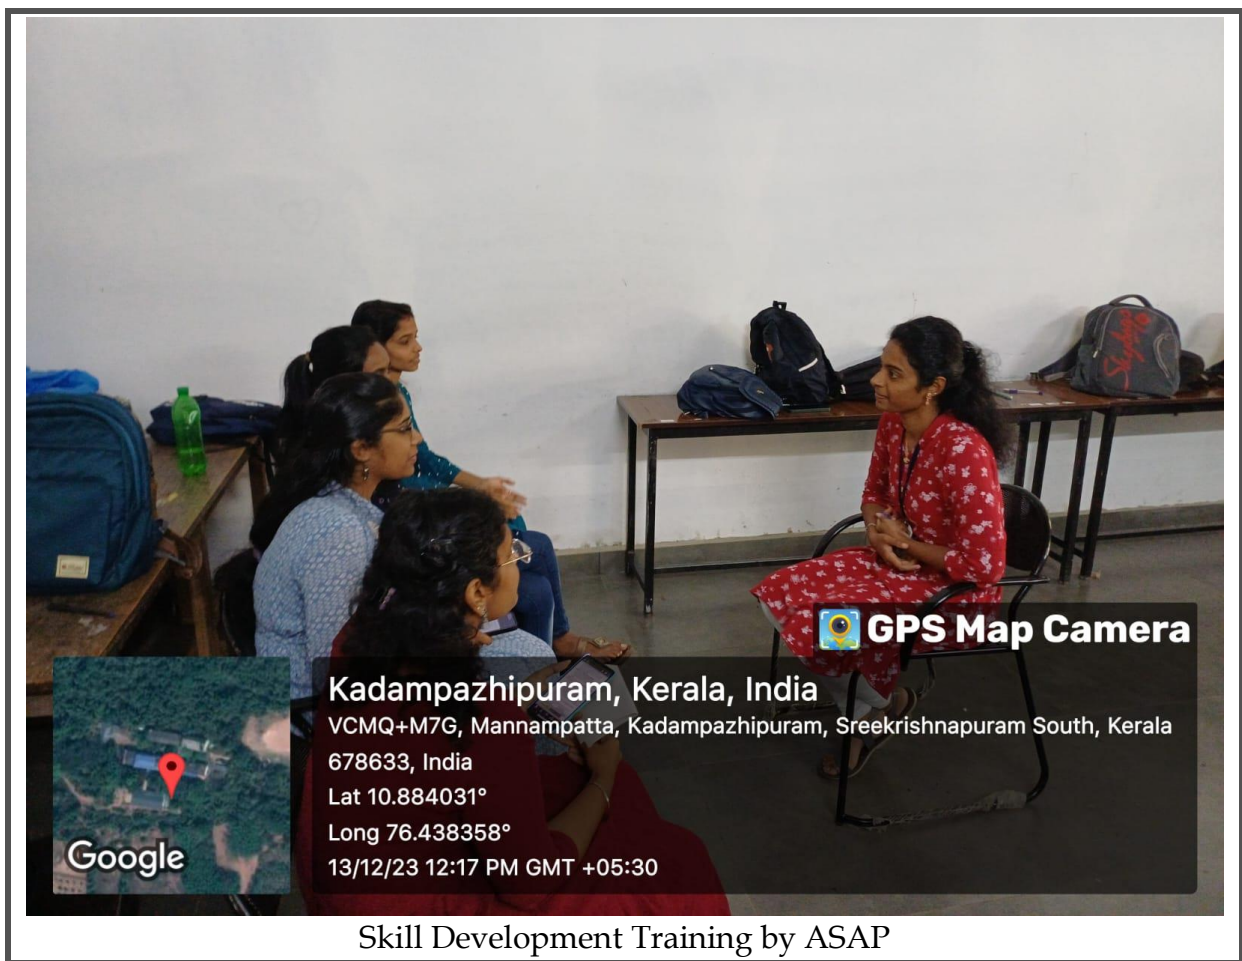

Activities under this programme are:

- Skill training programmes provided by Additional Skill Acquisition Programme (ASAP)
- Work Readiness Programme for final-year students
- Training Programmes on capacity building on Latec, SPSS, Tally, R.
- Training on Soft Skill Development on Inter-personal Relationships, Counselling and Team Spirit.
- Add-on and Certificate courses for skill enhancement

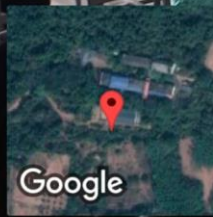

Skill Training in association with Additional Skill Acquisition Programme (ASAP)

ASAP Kerala is an undertaking by the Higher Education Department of the Kerala Government that focuses on training students to improve their employability. It is an innovative initiative aimed at equipping students with essential skills beyond their regular academic curriculum. Sreekrishnapuram V T Bhattathiripad College, in association with ASAP Kerala, organized various training programmes for the students.

Young Innovation Programme (YIP) Innovation and Entrepreneurship
Development Centres (IEDC) Entrepreneurship Development Cells
To promote the entrepreneurship skills of our students.

Under the banner **Blossom@VTB**, Sreekrishnapuram V T Bhattathiripad College initiates a platform for young innovators who can contribute innovative ideas to the world of industry. We have associated with the Young Innovative Programme (YIP) of the Kerala Government and our students contributed creative ideas to the YIP and got district-level appreciation for the students.

Also, in association with the Kerala Development and Innovation Strategic Council (K-DISC), our college has given Voice of Stakeholder Training for the students of VTB.

CERTIFICATE

— OF APPRECIATION —

This certificate is awarded to : **DHANANJAY KRISHNAN KS**
IDEATOR ID : 22YIP143469
SREEKRISHNAPURAM V.T.BHATTATHIRIPPAD COLLEGE, MANNAMPATTA

for the completion of Voice of Stakeholder(VoS) Training held as part
of the Young Innovators Program(YIP) 2022 conducted by the Kerala
Development and Innovation Strategic Council(K-DISC).

Diploma in Computer Application

Diploma in Computer Applications (DCA) course of KELTRON was inaugurated on August 7, 2023. The Department of Computer Science conducted the course and the Department of Management administers the program. This event marks the beginning of an enriching journey for participants eager to acquire essential skills in computer applications.

DCA course is designed to provide comprehensive training in various aspects of computer applications. Participants will learn fundamental concepts of computer software, programming languages, database management, and office automation tools. The course curriculum is structured to equip learners with practical skills necessary for career advancement in the IT industry.

Course Structure: Participants will receive an overview of the DCA course structure, including modules, assessments, and practical sessions. Faculty members will outline the learning objectives and career prospects associated with completing the program.

Interactive Session: An interactive session will allow prospective students to interact with faculty members and industry experts, gaining insights into the course curriculum and career pathways in computer applications.

REPORT on Diploma in Computer Applications (DCA) Course

Name of Event	Diploma in Computer Applications (DCA) Course
Nature of Event	Lecture and Practical Classes
Objectives	The objective of the programme is to equip learners with practical skills necessary for career advancement in the IT industry
Resource Person	Faculties and Second Year Students of M.Sc Computer Science of Department of Computer Science
Date and Time (Inauguration)	07.08.2023, 10.00 am to 11.00 am
Duration	Minimum 6 Months

Beneficiaries	Under Graduate Students
Venue	Computer Lab
Feedback link (if collected online)	NA
Organizing Department / Cell	Department of Computer Science and Department of Management
Coordinator (s)	<p>Ms. Subha I. N., Assistant Professor and Head, Department of Management, Sreekrishnapuram V T Bhattathiripad College, Mannampatta, Palakkad.</p> <p>Dr. Vivek S.A., Assistant Professor and Head, Department of Management, Sreekrishnapuram V T Bhattathiripad College, Mannampatta, Palakkad.</p>
Associating agency	NA
Fund Details if any	Fees of Rs 8000/- (Rupees Eight Thousand Only) collected from beneficiaries
Outcome / Benefit of the Programme	The Programme will provide an opportunity will learn fundamental concepts of computer software, programming languages, database management, and office automation tools

Internship

Internship

Internship is a valuable experiential learning opportunities that provide practical skills, real-world experience, and professional development. The final year M.Sc. Computer Science students undergo internship programmes in well established Software Companies and get direct industry experience. Internship initiatives of our college are as follows:

Asset Software Solutions
TMV Towers, Church Gate Road, Angamaly
Ph: +91 9947530434
info@assetss.in
www.assetss.in

Date : 30/09/2018
REF : ASST/EXP2018/11

To Whomsoever It May Concern

This is to certify that **Ms. Akshaya A** has successfully completed her internship with us from 3rd January 2018 to 17th July 2018. In this period, she completed **COLLEGE WEBSITE WITH CONTENT MANAGEMENT SYSTEM** with the software development team. At this period, we found her logics are excellent and her punctuality to work is also good.

Here with we are wishing her for a better career.

Thanking You
Yours Faithfully,
For Asset Software Solutions

Veena M
Managing Director

Walk with Scholar (WWS)

Programme to tap the full potential of Gifted Students

The program is initiated by the government of Kerala and is implemented under the guidance of the Director of Collegiate Education and Affiliated Colleges of the state.

Walk-with-a-Scholar (WWS) scheme has been designed to arrange specialized mentoring programmes for students in Under Graduate Programs in Arts, Science and Commerce streams. The scheme originally introduced the idea of mentoring, building on the concept of a mentor as a “Guide and Friend”..

Visit to Indian Institute of Space Science and Technology

**Study Tour conducted for Gifted Children as part of Walk With Scholar Programme
Visit to Gulati Institute of Finance and Taxation (GIFT), Thiruvananthapuram, Kerala**

Heritage Walk

Programme to Embrace the Historical Milestones

A Heritage Walk is an enriching experience that offers participants a deep connection to history, culture, and architecture. By exploring historical sites, landmarks, and neighbourhoods on foot, individuals gain firsthand insights into the rich heritage and traditions of a place. These walks not only promote cultural awareness and appreciation but also help preserve and celebrate local history.

The students of the History Department of our college regularly conduct the Heritage Walk to the historical places of our district and state.

Visit of Traditional House Architecture by History Students

Visit of Palakkad Fort

Students visiting the District Heritage Museum Palakkad

Museum authorities and Experts interact with our students

Archaeological Museum

The students of the Department of History maintain a well-established Archeological Museum which depicts the historical remains of the local area. It is a good opportunity for the students of all departments to have a direct experience of the historical events.

Students visiting the archaeological museum

Industrial Visit

Industrial Visit

An industrial visit is a type of experiential learning methodology where students visit companies and industries to gain firsthand knowledge about the working environment, processes, and technologies used in real-world settings. Several departments of our college organize Industrial Visits to the nearby industries.

Visiting a Power Loom Mill at Kadambazhipuram

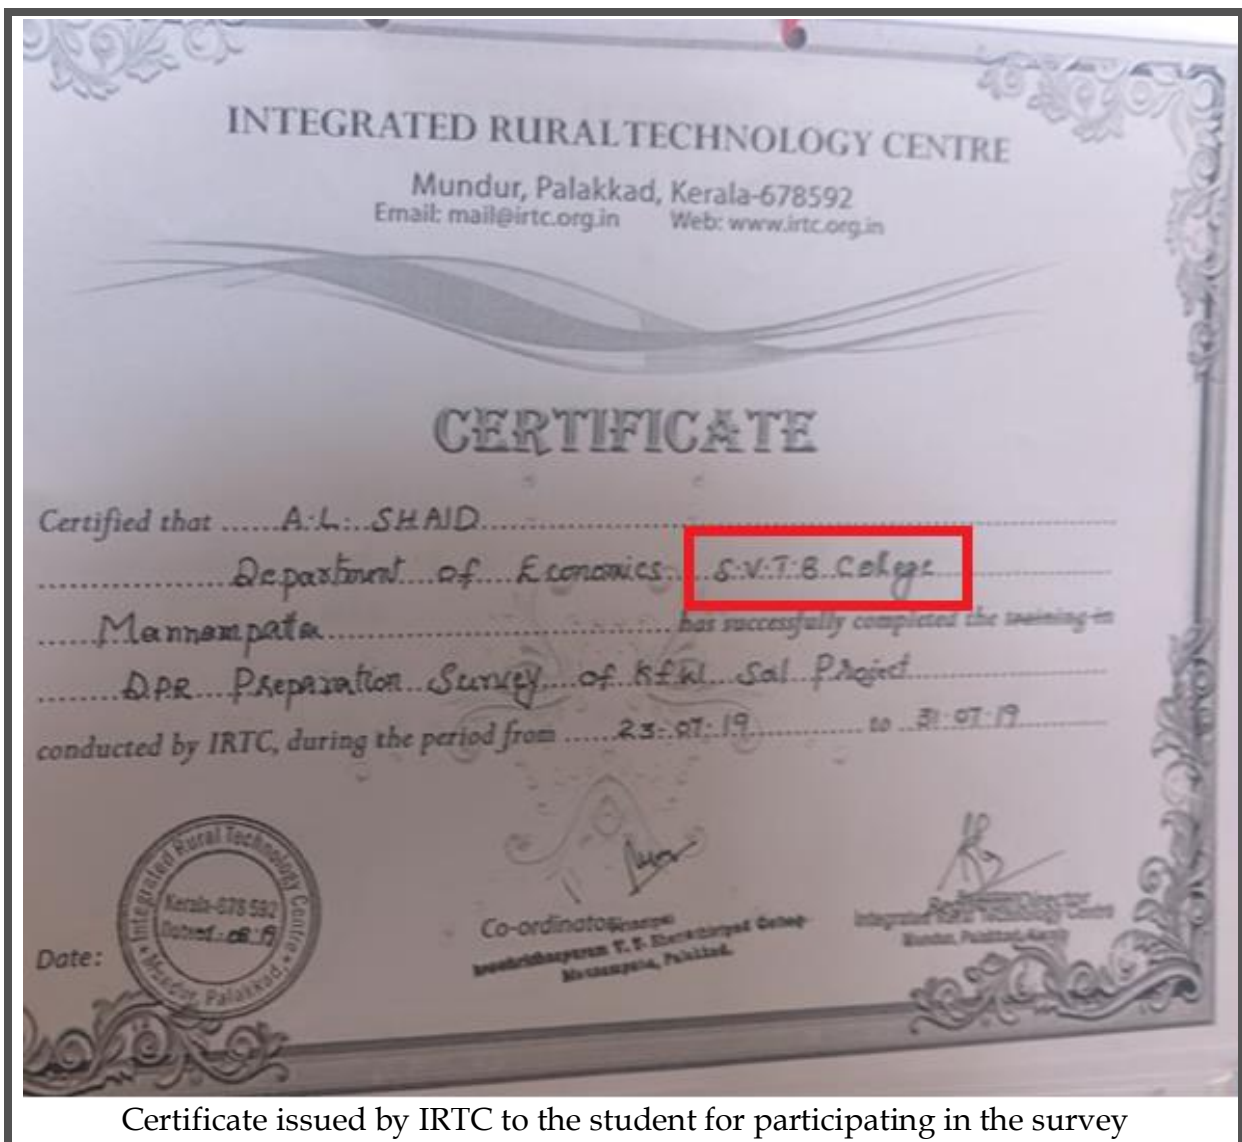

Field Visit of BBA Students to S K Rubbers Co., Peringode

Field Survey

Field surveys provide students with numerous advantages by bridging the gap between theoretical knowledge and real-world application. Through hands-on experience, students develop critical skills such as data collection, analysis, and problem-solving, while also enhancing their understanding of the subject matter. Engaging directly with their environment fosters deeper learning, increased motivation, and a stronger connection to the material.

The students of our college conducted several field surveys as part of learning. History students conducted a Tribal Survey and Economics students conducted a Soil Survey.

Certificate issued by IRTC to the student for participating in the survey

Tribal Survey Conducted by History Students

The purpose of this survey is to gather information about the 'Local history of the tribes in the remote areas of Palakkad district.' Understanding the history and culture of these tribes is essential for preserving their heritage and promoting cultural diversity.

Nature Survey in the college to validate the green resources of the college.

Survey regarding Economic Planning of the Households.

Hands-on Experience provided to the Students through Computer Lab

The spacious Computer Lab provides opportunities for the students to get direct and vicarious experience related to their curriculum.

Students getting hands-on experience from the Computer Lab
