Report on Election Awareness Program, Flash Mob & Street Play

Programme Details in a Nutshell	
Name of the Event	Election Awareness Program - Flash Mob & Street Play
Nature of the Event	Extension Activity
Objectives	To educate and raise awareness among the youth about the importance of democracy and voting rights.
Date and Time	2020-21 Academic Year
Beneficiaries	The beneficiaries of the program were the fresh voters in Kadambazhippuram panchayath.
Venue or Platform	Kadambazhippuram
Organizing dept./ Cell	National Service Scheme
Coordinator	Mini. K, Kamal Raj Mohan
Associating Agency	SVEEP (Systematic Voters' Education and Electoral Participation) Palakkad
Outcome / Benefit of the Programme	The program increased voter awareness and education among the youth, resulting in a more informed and engaged citizenry.

Programme Report

The National Service Scheme (NSS) unit organized an extension activity, "Election Awareness Program: Flash mob & Street Play", during the 2020-21 academic year. The program aimed to propagate the importance of democracy among the youth, specifically targeting fresh voters in Kadambazhippuram.

The program was led by NSS Coordinators Mini K and Kamal Raj Mohan, in association with SVEEP (Systematic Voters' Education and Electoral Participation) Palakkad. The event featured a flash mob and street play, which were used as creative mediums to convey the significance of democratic participation and voting rights.

The program was successful in increasing voter awareness among the youth, with a focus on fresh voters. The event helped to educate and motivate young voters to exercise their democratic rights and participate in the electoral process.

Report on Covid prevention activities - Sanitizing Hospitals and Public Places in association with Fire and Rescue Team

Programme Details in a Nutshell	
Name of the Event	COVID 19 prevention activities – Sanitizing Hospitals and Public Places in association with Fire And Rescue Team
Nature of the Event	Extension Activity
Objectives	To prevent the spread of infectious diseases, ensure clean and hygienic environment, and protect the health and well-being of patients, healthcare workers, and the general public by reducing the presence of harmful microorganisms and pathogens.
Date	1 st May to 1 st June 2022
Period of Activity	2021-2022
Beneficiaries	The patients, healthcare workers, visitors, and the general public who utilize these facilities, as well as the community at large, who gain a reduced risk of infection, illness, and disease transmission, and enjoy a cleaner and healthier environment.
Venue or Platform	Cherpulassery
Organizing dept./ Cell	National Service Scheme
Coordinator	Mini K, Kamal Raj Mohan
Associating Agency	National Service Scheme SVTB College Mannampatta
Outcome/ Benefit of the Programme	It reduces the transmission of infectious diseases, prevents healthcare-associated infections, protects vulnerable populations, and creates a clean and hygienic environment, ultimately promoting public health, safety, and well-being.

Programme Report

Jishnu VP, an NSS volunteer from Sreekrishnapuram VT Bhattathiripad College, played a crucial role in supporting the community during the COVID-19 pandemic. Under the guidance of the Kerala Fire and Rescue Team, Jishnu contributed to sanitizing hospitals, public places, and schools, helping to prevent the spread of the virus.

In addition to sanitization efforts, Jishnu also assisted in delivering essential items, including medicines, to those in need. This selfless act helped alleviate the suffering of many individuals and families affected by the pandemic.

Through his dedication and commitment to serving the community, Jishnu demonstrated the true spirit of volunteerism and social responsibility. His contributions during a time of crisis have made a significant impact on the lives of many.

Jishnu's efforts have not only helped combat the spread of COVID-19 but also inspired others to engage in community service. His selfless actions have showcased the positive difference that individuals can make in society, particularly during challenging times.

Report on Covid Prevention Activities - Community Kitchen Work

Programme Details in a Nutshell	
Name of the Event	COVID 19 Prevention Activities - Community Kitchen Work
Nature of the Event	Extension Activity
Objectives	To provide nutritious food and promote food security, social inclusion, and community engagement among marginalized communities, while also fostering a sense of belonging and addressing hunger and malnutrition in the area.
Date	25 th May 2022
Period of Activity	2021-2022
Beneficiaries	The marginalized communities in Kadambazhipuram, including the poor, vulnerable, and socially excluded individuals and families, who receive nutritious food, social support, and a sense of community, thereby improving their overall well-being and quality of life.
Venue or Platform	Kadambazhipuram
Organizing dept./ Cell	National Service Scheme
Coordinator	Mini K, Kamal Raj Mohan
Associating Agency	National Service Scheme SVTB College Mannampatta
Outcome / Benefit of the Programme	The Community Kitchen could provide nutritious food, promote social inclusion, foster community engagement, address hunger and malnutrition, and improve the overall well-being and quality of life for marginalized communities in Kadambazhipuram, while also promoting dignity, self-esteem, and social cohesion.

Programme Report

During the COVID-19 pandemic, the National Service Scheme (NSS) unit of Sreekrishnapuram VT Bhattathiripad College extended support to the community by assisting at the Panchayat-level Community Kitchen Centre initiated by the Kerala Government.

NSS volunteers played a crucial role in providing aid to those affected by COVID-19 and those under quarantine. Their contributions included:

- Distributing food and essentials to COVID-19 patients and quarantined individuals
- Assisting with kitchen operations and food preparation
- Providing emotional support and counselling to those in need

Through their selfless efforts, the NSS volunteers demonstrated their commitment to serving the community during a time of crisis. Their contributions helped mitigate the impact of the pandemic and ensured that vulnerable individuals received necessary support. Mangode Medical College, Cherpulassery School, Kadambazhippuram School, etc.

Report on Covid prevention activities-first class volunteer at Govt Medical college, Mangod

Programme Details in a Nutshell	
Name of the Event	COVID 19 prevention activities - first class volunteer at Govt Medical college, Mangod
Nature of the Event	Extension Activity
Objectives	To provide opportunities for students to engage in community service, develop leadership skills, and gain practical experience in healthcare settings, while promoting volunteerism, social responsibility, and community engagement.
Date	6 Months
Period of Activity	2020-2021
Beneficiaries	The beneficiaries of the First Class Volunteer program at Govt Medical College, Mangode are the students who participate in the program, gaining valuable experience, skills, and knowledge in healthcare and community service, as well as the community and patients who receive quality care and support from the volunteers.
Venue or Platform	Karuna Medical College, Mangode
Organizing dept./ Cell	National Service Scheme
Coordinator	Mini K, Kamal Raj Mohan
Associating Agency	Govt Medical College, Mangode
Outcome / Benefit of the Programme	The benefit of the First-Class Volunteer program at Mangode Medical College is that it provided students with hands-on experience and skills in healthcare, leadership, and community service, while also enriching the lives of patients and the community, and fostering a culture of compassion, empathy, and social responsibility.

Programme Report

During the COVID-19 pandemic, Gokul T, an NSS volunteer from Sreekrishnapuram VT Bhattathiripad College, rendered selfless service as a First-Class COVID Barrier Volunteer at Govt Medical College, Mangode, for a period of four months.

Gokul's dedication and commitment to serving the community during a time of crisis are truly commendable. As a COVID Barrier Volunteer, he played a crucial role in supporting the medical staff and ensuring the smooth functioning of the medical facility.

His contributions included assisting with temperature screening, sanitization, and crowd management, among other tasks. Gokul's efforts helped to mitigate the spread of the virus and provided vital support to the healthcare system during a challenging period.

Through his service, Gokul demonstrated the true spirit of volunteerism and community service, embodying the values of the NSS program. His contributions are a testament to the impact that dedicated individuals can have in making a positive difference in society.

Nature of the Event	Extension Activity
Objectives	<ul style="list-style-type: none">● To educate new voters on how to cast their vote using electronic machines and promote electoral awareness.● To familiarize new voters with the voting process and encourage them to participate in the democratic process.
Date	1 st Dec to 2 nd Dec2020
Period of Activity	2020-21
Beneficiaries	The 500 new voters who were educated on the voting process and familiarized with the electronic voting machine.
Venue or Platform	Sreekrishnapuram V. T. Bhattathiripad College Mannampatta, & SVEEP Palakkad
Organizing dept./ Cell	National Service Scheme
Coordinator	Mini K, Kamal Raj Mohan
Associating Agency	SVEEP (Systematic Voters Education And Electoral Participation) Palakkad
Outcome / Benefit of the Programme	The outcome of the program was the successful education of new voters on the voting process, resulting in increased electoral awareness.

Programme Report

The National Service Scheme (NSS) unit, in association with SVEEP Palakkad, organized a traveling awareness campaign, "Votu Vandi", to educate new voters on how to cast their vote using electronic machines. The program aimed to familiarize new voters with the voting process and promote electoral awareness.

The campaign was held on December 1-2, 2020, at Sreekrishnapuram V.T. Bhattathiripad College, Mannampatta, and SVEEP Palakkad. Sri. Murali SK, Manager, Sevak, Palakkad, was the resource person for the program. The campaign was part of the NSS's extension activity and SVEEP Palakkad's Election Awareness Programme for 2020-2021.

The program was designed to introduce the voting machine to new voters and educate them on the voting process. The "Vote Vehicle" was launched to familiarize new voters with the electronic voting machine and promote electoral awareness. The program aimed to encourage new voters to participate in the democratic process and exercise their right to vote.

The outcome of the program was the successful education of new voters on the voting process and promotion of electoral awareness. The benefit of the program was the empowerment of new voters with knowledge on how to cast their vote using electronic machines, promoting inclusive and informed participation in the democratic process, we organized.

Report on Kanivu Cancer Care Project - Helping Hands to Cancer Patients

Programme Details in a Nutshell	
Name of the Event	Kanivu Cancer Care Project - Helping Hands to Cancer Patients
Nature of the Event	Extension Activity
Objectives	To provide support and care to cancer patients and their families, including medical treatment, emotional support, and financial assistance, to improve their quality of life and alleviate the burden of cancer.
Resource person	O.Vasudevan, Palliative Coordinator
Date and Time	04/02/2020 To 2021-2022 Academic Year
Duration	2020-21
Beneficiaries	Cancer patients and their families, who receive comprehensive support and care
Venue or Platform	Patient's house
Organizing dept./ Cell	National Service Scheme
Coordinator	Mini K, Kamal raj Mohan
Associating Agency	Kanivu Palliative Care Unit, Govt Hospital Kadampazhipuram
Outcome / Benefit of the Programme	The benefit of the Kanivu Cancer Care Project is that it provides support and care to cancer patients and their families, improving their physical and emotional well-being, reducing financial burdens, and enhancing their overall quality of life.

Programme Report

During the 2020-2021 period, our SPARSHAM initiative faced significant challenges due to the COVID-19 pandemic, which limited our ability to conduct home visits. Nevertheless, we continued to provide financial assistance to needy individuals and families. When possible, we resumed home visits, strictly adhering to COVID-19 protocols to ensure safety.

The project is implemented to extend the helping hand to the differently abled people and palliative patients, and to inculcate the values of care and empathy among the new generation in the context of changing social system, to give an opportunity to the Volunteers to be a part of Government's initiative related to palliative work.

The sub projects under Sparsham are Kanivu: To extend the helping hand to Cancer Patients which is inaugurated on 04.02.2020.

The Kanivu Cancer Care Project was an extension activity organized by the National Service Scheme (NSS) unit during the 2020-21 academic year. The project aimed to provide comprehensive support and care to cancer patients and their families, including medical treatment, emotional support, and financial assistance, to improve their quality of life and alleviate the burden of cancer. O.Vasudevan, Palliative Coordinator, was the resource person for the project.

The project was coordinated by Mini K and Kamal Raj Mohan, with the support of the Kanivu Palliative Care Unit, Govt Hospital Kadambazippuram, under the SPARSHAM initiative. The project focused on providing holistic support and care to cancer patients and their families, improving their physical and emotional well-being, reducing financial burdens, and enhancing their overall quality of life.

Despite facing significant challenges due to the COVID-19 pandemic, the project continued to provide financial assistance to needy individuals and families. When possible, home visits were resumed, strictly adhering to COVID-19 protocols to ensure safety. The project demonstrated the NSS unit's commitment to social responsibility and community service, even in the face of adversity.

The outcome of the project was the successful provision of comprehensive support and care to cancer patients and their families, resulting in an improvement in their overall well-being and quality of life.

Date and Time	2020-21
Duration	2020-21
Beneficiaries	The differently abled people and palliative patients, including Soumya, a kidney patient who received adoption and support for her medical treatment.
Venue or Platform	Soumya's house
Organizing dept./ Cell	National Service Scheme
Coordinator	Mini K, Kamal raj Mohan
Associating Agency	Kaniv Palliative Care Unit, Govt Hospital Kadampazhipuram
Outcome / Benefit of the Programme	The outcome of the program was the successful provision of support and resources to the beneficiaries, improving their quality of life and well-being.

Programme Report

During the 2020-2021 period, our SPAR SHAM initiative faced significant challenges due to the COVID-19 pandemic, which limited our ability to conduct home visits. Nevertheless, we continued to provide financial assistance to needy individuals and families. When possible, we resumed home visits, strictly adhering to COVID-19 protocols to ensure safety.

The project is implemented to extend the helping hand to the differently abled people and palliative patients, and to inculcate the values of care and empathy among the new generation in the context of changing social system, to give an opportunity to the Volunteers to be a part of Government's initiative related to palliative work.

The sub projects under Sparsham are **Soumyam**: This is a programme initiated to help the differently abled people as part of the programme launched by University of Calicut named 'കൂടെ'.

Adoption of Soumya - A Kidney patient who desperately needs Dialysis regularly and belongs to a poor family was adopted by the Unit. We constructed a road for her and made a monthly allowance of Rs.3,000 to her for meeting the treatment expenses. We initiated this plan in August 2019. We still continue the project.

The Sparsham project was implemented to extend a helping hand to differently abled people and palliative patients, and to inculcate values of care and empathy among the new generation. The project aimed to provide an opportunity for volunteers to be part of the government's initiative related to palliative work, in the context of a changing social system.

One of the sub-projects under Sparsham is Soumyam, a program initiated to help differently abled people as part of the University of Calicut's 'KOOODE' program. As part of Soumyam, the unit adopted Soumya, a kidney patient from a poor family who required regular dialysis. The unit constructed a road for her and provided a monthly allowance of Rs. 3,000 to support her treatment expenses.

The Soumyam project was initiated in August 2019 and is still ongoing. The project has made a significant impact on Soumya's life, providing her with access to necessary medical treatment and improving her overall well-being. The project has also helped to raise awareness about the importance of supporting differently abled individuals and palliative patients.

Through the Sparsham project, the unit has demonstrated its commitment to social responsibility and community service. The project has not only provided support to Soumya but has also helped to inculcate values of care and empathy among the volunteers involved. The project serves as a model for other initiatives that aim to make a positive impact on the lives of differently abled individuals and palliative patients.

Report on Soumyam – Adoption of Appu, A Resident of An Adopted Village who was Attacked by an Elephant and Bed Ridden for the Last 3 Years.

Programme Details in a Nutshell	
Name of the Event	Soumyam – Adoption of Appu, a resident of an adopted village who was attacked by an elephant and bed ridden for the last 3 years.
Nature of the Event	Extension Activity
Resource person	Dr. Abbas K.P, Government Hospital kadampazhipuram
Date and Time	2020-21 Academic Year
Duration	2020-21
Venue or Platform	APPU’S HOUSE
Organizing dept./ Cell	NSS
Coordinator	Mini K, Kamal raj Mohan
Associating Agency	Under SPARSHAM
Fund details if any	Kaniv Palliative Care Unit, Govt Hospital Kadampazhipuram
Outcome	To comprehensive care and support to Appu, improving his overall well-being.

Programme Report

During the 2020-2021 period, our SPAR SHAM initiative faced significant challenges due to the COVID-19 pandemic, which limited our ability to conduct home visits. Nevertheless, we continued to provide financial assistance to needy individuals and families. When possible, we resumed home visits, strictly adhering to COVID-19 protocols to ensure safety.

The Soumyam - Adoption of Appu program was an extension activity organized by the NSS unit during the 2020-21 academic year. Appu, a resident of the adopted village, was attacked by an elephant and had been bedridden for the last three years. The NSS unit adopted him and made regular visits to take care of his needs, including helping him with bathing, hospital visits, and other activities.

The program was coordinated by Mini K and Kamal Raj Mohan, with the support of Dr. Abbas K.P from the Government Hospital Kadampazhipuram and the Kaniv Palliative Care Unit, Govt Hospital Kadampazhipuram, under the SPARSHAM initiative. One of the volunteers, Sujith C S, regularly helped Appu with physiotherapy sessions to aid in his recovery.

Through the Soumyam - Adoption of Appu program, the NSS unit demonstrated its commitment to social responsibility and community service. The program made a significant impact on Appu's life, providing him with the necessary care and support to improve his quality of life. The regular visits and assistance from the volunteers helped to alleviate Appu's physical and emotional suffering.

The outcome of the program was the successful provision of comprehensive care and support to Appu, resulting in an improvement in his overall well-being and quality of life. The benefit of the program was the positive impact on Appu's life, enabling him to receive necessary medical treatment, emotional support, and social interaction, and promoting a sense of dignity and respect for individuals with disabilities.

SPARSHAM - PALLIATIVE WORKS (In association with University Flagship Project - KOODE)

During the 2020-2021 period, our SPAR SHAM initiative faced significant challenges due to the COVID-19 pandemic, which limited our ability to conduct home visits. Nevertheless, we continued to provide financial assistance to needy individuals and families. When possible, we resumed home visits, strictly adhering to COVID-19 protocols to ensure safety.

Introduction

The project is implemented to extend the helping hand to the differently abled people and palliative patients, and to inculcate the values of care and empathy among the new generation in the context of changing social system, to give an opportunity to the Volunteers to be a part of Government's initiative related to palliative work.

The sub projects under Sparsham are;

Soumyam: This is a programme initiated to help the differently abled people as part of the programme launched by University of Calicut named 'കൂടെ'.

Adoption of Bindu - Mentally retarded Patient: In our adopted village, a woman named Bindu has been adopted by our NSS units and makes regular visits to help her. Our volunteers cleaned her and painted her house. They regularly visit her house and make enquiries about her wellness. We also provide her with sufficient medicines and clothes. The project is still going on.

The Soumyam - Adoption of Bindu program was an extension activity organized by the National Service Scheme (NSS) unit during the 2020-21 academic year. The program aimed to extend a helping hand to Bindu, a mentally retarded patient, and provide her with necessary care and support. O.Vasudevan, Palliative Coordinator, was the resource person for the program.

The program was coordinated by Mini K and Kamal Raj Mohan, with the support of the Kanivu Palliative Care Unit, Govt Hospital Kadampazhipuram, under the SPARSHAM - PALLIATIVE WORKS initiative, in association with the University Flagship Project - KOODE. The program focused on providing comprehensive care and support to Bindu, including regular visits, medical assistance, and social interaction.

Through the Soumyam - Adoption of Bindu program, the NSS unit demonstrated its commitment to social responsibility and community service. The program made a significant impact on Bindu's life, providing her with necessary care and support, and improving her overall well-being. The volunteers' regular visits and assistance helped to alleviate Bindu's physical and emotional suffering.

The outcome of the program was the successful provision of comprehensive care and support to Bindu, resulting in an improvement in her overall well-being and quality of life. The benefit of the program was the positive impact on Bindu's life, enabling her to receive necessary medical treatment, emotional support, and social interaction, and promoting a sense of dignity and respect for individuals with disabilities.

Report On ARDRAM - Regular Team visit to cancer patients for Palliative works

Programme Details in a Nutshell	
Name of the Event	ARDRAM - Regular Team visit to cancer patients for Palliative works
Nature of the Event	Extension Activity
Objectives	To visit palliative patients
Resource person	O. Vasudevan Palliative Coordinator
Date and Time	Every month
Duration	2020-21
Beneficiaries	Palliative patients
Venue or Platform	Patient's houses
Organizing dept./ Cell	National Service Scheme
Coordinator	Mini K, Kamal raj Mohan
Associating Agency	Kanivu Palliative Care Unit, Govt Hospital Kadampazhipuram
Outcome / Benefit of the Programme	Regular team visits to cancer patients gave them emotional support and care

Programme Report

The NSS units of VTB College organized a regular team visit to cancer patients for palliative care. Volunteers interacted with patients, offering emotional support and comfort. They distributed essential items like fruits, blankets, and toiletries. The team also provided assistance with daily tasks, enabling patients to feel more comfortable. This visit brought smiles to the patients' faces and hope to their families. The volunteers' selfless efforts made a significant impact, demonstrating the power of compassion and care. The NSS unit is committed to continuing this noble initiative, making a difference in the lives of those in need.

List of Participants

The image shows four overlapping photographs of a handwritten list of participants on lined paper. The text is dense and difficult to read due to the angle and overlap. The list appears to be organized into columns, possibly representing names, roll numbers, and other identifying information. The handwriting is in black ink on lined paper.
