Outcome / Benefit of the Programme	<ul style="list-style-type: none">• To develop the skills essential for making sustainable and systematic agricultural environment• To propagate the culture of organic farming among the participants

Programme Report

Training On Sustainable Food Forest (In Association with Jaivorg Karshaka Koottayma -NGO)

In order to enhance the interest of students regarding organic agriculture, we have conducted a one-day Workshop on November 7, 2021. As part of training, we have conducted workshops on Making of Organic Fertilizer - Jeevamrutham - and Food Forest Technology, Live Mulching, Live Shading etc. Also, students have the opportunity to taste the traditional food items with organic food products.

The National Service Scheme (NSS) unit and Nature Club of Sreekrishnapuram VT Bhattathiripad College, in association with JAIVORG Karshaka Koottayma, an NGO, organized a training program on Sustainable Food Forest on November 7, 2021. The program aimed to develop skills essential for creating a sustainable and systematic agricultural environment and to propagate the culture of organic farming among participants.

The training program was led by Reji Joseph and Soorya Prakash, founders of Food Forest, who shared their expertise on organic farming practices, including the making of organic fertilizer (Jeevamrutham) and Food Forest Technology. The participants also learned about live mulching and live shading techniques. The program was designed to enhance the attitude of students towards organic agriculture and promote sustainable living practices.

The program was a huge success, with participants gaining hands-on experience in organic farming practices. The workshop also provided an opportunity for students to taste traditional food items made with organic food products. The program was coordinated by Mini K and Kamal Raj Mohan, and was attended by students and faculty members of the college.

Afforestation (Throwing seed balls) at Dhoni Forest

PROGRAMME DETAILS IN A NUTSHELL	
Name of the Event	Afforestation (Throwing seed balls) at Dhoni Forest
Nature of the Event	Extension Activity
Objectives	<ul style="list-style-type: none"> ● To promote biodiversity by throwing mud balls containing seeds of various tree species. ● To sustain the Dhoni Forest ecosystem.
Resource person	Dr.Sibin Assistant Conservator of Social Forestry Department Palakkad
Date and Time	22/05/2022
Duration	1 Day
Beneficiaries	The Beneficiaries of The Program Were the Dhoni Forest Ecosystem and Its Inhabitants, Including Plants and Animals. The Program Also Benefited the Local Community by Promoting Environmental Conservation and Sustainability.
Venue or Platform	Dhoni Forest
Organizing dept./ Cell	National Service Scheme
Coordinator	Mini k, Kamal Raj Mohan
Associating Agency	Kerala Social Forestry Department
Fund details if any	NSS Grant
Outcome / Benefit of the Programme	<ul style="list-style-type: none"> ● The outcome of the program was the successful promotion of biodiversity in the Dhoni Forest through the germination of new plants. ● The benefit of the program was the conservation of the forest ecosystem, which supports a wide range of plant and animal species and promotes environmental sustainability.

Programme Report

The National Service Scheme (NSS) unit celebrated Bio-Diversity Day on 22/05/2022 by organizing an extension activity to sustain the Dhoni Forest. The program aimed to promote biodiversity by throwing mud balls containing seeds of various trees. Dr. Sibin, Assistant Conservator of Social Forestry Department, Palakkad, was the resource person for the event.

The program was held at Dhoni Forest, which is known for its rich biodiversity of flora and fauna. The NSS volunteers, led by Mini K and Kamal Raj Mohan, participated in the activity with enthusiasm. The mud balls containing seeds of various trees were thrown in the forest, which will help in germinating new plants and sustaining the ecosystem

The outcome of the program was the successful promotion of biodiversity in the Dhoni Forest. The benefit of the program was the conservation of the forest ecosystem, which will help in supporting a wide range of plant and animal species

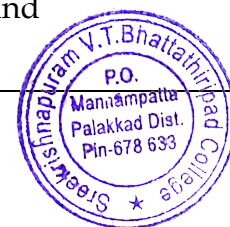

The program was organized in association with the Kerala Social Forestry Department, and was a huge success. The NSS unit expresses its gratitude to Dr. Sibin and the Social Forestry Department for their support and guidance. The program was a great example of community service and environmental conservation.

Cleaning Drive at Eravikulam National Park

Programme Details in a Nutshell	
Name of the Event	Cleaning Drive at Eravikulam National Park
Nature of the Event	Extension Activity
Objectives	<ul style="list-style-type: none"> • Promote environmental conservation and cleanliness in the national park. • Raise awareness among the general public about the importance of protecting natural habitats and ecosystems. • Engage volunteers in cleaning activities and conservation efforts, promoting sustainable living practices.
Resource person	- S Jayakrishnan (Trainer, Forest Department,)
Date and Time	February 26 th to 28 th February 2022
Period of Activity	2021-2022
Beneficiaries	<ul style="list-style-type: none"> • Eravikulam National Park, • General Public, • The Volunteers (Gaining valuable experience and knowledge about environmental conservation and sustainability)
Venue or Platform	Eravikulam national park
Organizing dept./ Cell	National Service Scheme & Kerala Forest Department
Coordinator	Mini K, Kamal Raj Mohan
Associating Agency	Kerala Forest department
Outcome / Benefit of the Programme	The outcome of the program was the successful cleaning and conservation of Eravikulam National Park, and the creation of awareness about environmental conservation among the general public. The benefit of the program was the promotion of sustainable living practices and the protection of natural habitats and ecosystems, ultimately benefiting the environment and society as a whole.

Programme Report

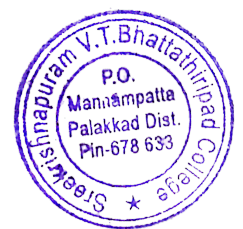

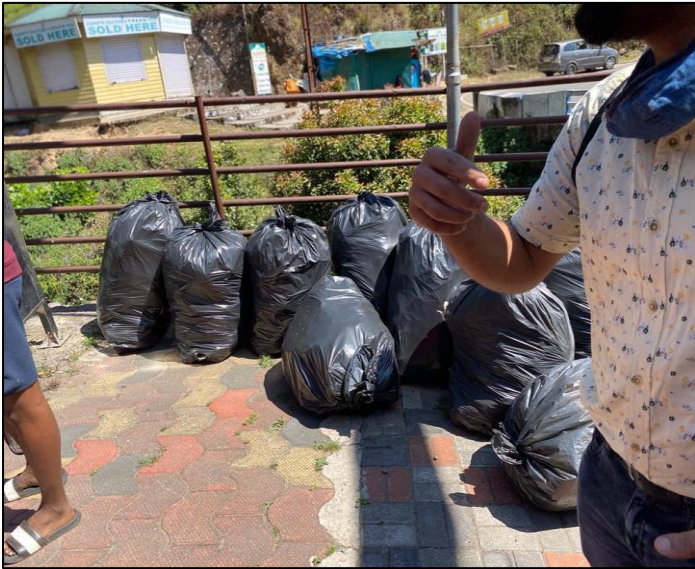

The National Service Scheme (NSS) unit of Sreekrishnapuram VT Bhattathirippad College, in association with the Kerala Forest Department, organized an extension activity called "Cleaning at Eravikulam National Park" from February 26th to 28th, 2022. The program aimed to promote environmental conservation and cleanliness in the national park. S Jayakrishnan, a trainer from the Forest Department, led the program, which was attended by NSS volunteers.

The program involved cleaning activities in the national park, including removal of plastic waste, weeds, and other non-biodegradable materials. The volunteers also participated in tree planting and conservation activities, promoting sustainable living practices. The program was designed to create awareness among the general public about the importance of environmental conservation and cleanliness.

The program was a huge success, with the national park benefiting from the cleaning activities and conservation efforts. The volunteers gained valuable experience and knowledge about environmental conservation and sustainability. The program also helped to promote the importance of protecting and preserving natural habitats and ecosystems.

Tree Planting, Butterfly Survey and Naming of Trees

Programme Details in a Nutshell	
Name of the Event	Tree Planting, Butterfly Survey and Naming of Trees
Nature of the Event	Extension Activity
Objectives	<ul style="list-style-type: none">• To preserve the ecosystem of butterflies by providing food and shelter.• To promote environmental conservation.• To create a butterfly garden in the college campus, showcasing the importance of biodiversity and ecosystem preservation
Date and Time	9 th & 10 th October 2021
Period of Activity	2021-2022
Beneficiaries	<ul style="list-style-type: none">• The students and faculty of VTB College, who gained knowledge and awareness about butterfly conservation and environmental sustainability.• The program also benefited the local community, who will have access to the butterfly garden and can learn about the importance of preserving biodiversity.
Venue or Platform	Kottakunnu, Mannampatta
Organizing dept./ Cell	National Service Scheme & Nature Club
Coordinator	Mini K, Kamal Raj Mohan
Outcome / Benefit of the Programme	<ul style="list-style-type: none">• The outcome of the program was the successful creation of a butterfly garden, providing a habitat for over 20 varieties of butterflies and moths, and promoting environmental conservation.• The benefit of the program was the preservation of the ecosystem of butterflies, and the promotion of environmental sustainability, leading to a better understanding and appreciation of nature among the community.

Programme Report

The National Service Scheme (NSS) and Nature Club of VTB College, Mannampatta, organized a unique extension activity, "Tree Planting, Butterfly Survey, and Naming of Trees", from 09/10/2021 to 10/10/2021. The event aimed to preserve the ecosystem of butterflies by providing food and shelter, and to promote environmental conservation. The program was conducted under the guidance of Prof. M Krishnan Namboothiri, a former lecturer and nature activist, and in association with Thanal Paristhithi Kootayma.

The event marked the beginning of the Butterfly Garden project in the college campus, which is situated in a forest area rich in biodiversity. The project aims to provide a habitat for various butterfly species, including the largest butterfly in India, Garuda Shalabham, and the second largest, Krishna Shalabham. The campus is home to over 20 varieties of butterflies and moths, including the Atlas Moth, one of the largest moths in the world.

The event featured a tree planting ceremony, where NSS volunteers and Nature Club members planted saplings of various tree species that attract butterflies. A butterfly survey was also conducted, where participants identified and documented different species of butterflies in the area. The naming ceremony of trees was also held, where trees were named after their species and characteristics.

The "Tree Planting, Butterfly Survey, and Naming of Trees" event was a huge success, attracting a large number of participants, including students, nature enthusiasts, and local community members. The event helped to raise awareness about the importance of environmental conservation and biodiversity preservation.

Bhinna Sheshi Souhrida Samgamam-Adoption of Buds School

PROGRAMME DETAILS IN A NUTSHELL	
Name of the Event	Binna Sheshi Souhrida Samgamam -Adoption of Buds School
Nature of the Event	Extension Activity
Objectives	Provide variety of engaging and enjoyable activities.
Resource person	Pranav
Date and Time	03/12/2021
Duration	1 Day
Beneficiaries	Students of Buds School
Venue or Platform	Buds School at Kadampazhipuram
Organizing dept./ Cell	National Service Scheme
Coordinator	Mini. k, Kamal Raj Mohan
Associating Agency	Kanivu Palliative Care Unit, Govt Hospital Kadampazhipuram
Outcome / Benefit of the Programme	The program promoted social inclusion and empowerment of differently abled individuals, fostering a sense of belonging and connection among participants. It also raised awareness and sensitized the community about the needs and potential of individuals with disabilities, promoting a more inclusive and supportive environment.

Programme Report

The Binna SheshiSauhridaSangamam program was held on 03/12/2021 by the NSS department in collaboration with the Govt. Hospital Kadampazhippuram, Kadampazhippuram Grama Panchayath, and Kanivu Palliative Care Unit. The program aimed to bring together differently abled individuals from Buds school and NSS volunteers to share their experiences and connect with each other. The event was inaugurated by Dr. Abbas KP, Medical Officer, Kadambazhippuram Govt Hospital, and presided over by Sri P Sasthakumar, Panchayath President. Shri Pranav, a renowned motivational speaker and artist who overcame his disability, and create beautiful paintings with his legs, was the Chief Guest at the event. He has received accolades from esteemed individuals, including the Honorable Chief Minister of Kerala, Shri Pinarayi Vijayan, for his remarkable talent and determination.

The program featured inspiring speeches, interactive sessions, and cultural programs that showcased the talents of the differently abled individuals. The participants engaged in meaningful discussions, shared their stories, and learned from each other's experiences, fostering a sense of community and understanding. The program provided a platform for the participants to connect and share their experiences, promoting empathy and inclusivity.

The program was coordinated by a team of dedicated individuals, including Mini K (NSS Programme Officer), O Vasudevan (Co-ordinator, Kanivu Care Unit Palliative), and Sindhu K (Teacher, Buds School). Their efforts ensured the smooth execution of the program and created a supportive environment for the participants. A total of 25 Buds school students and 25 NSS volunteers participated in the program

The program had a significant outcome, as it promoted empathy, inclusivity, and social responsibility among the participants. The program helped to raise awareness about the importance of supporting and empowering individuals with disabilities, promoting a more inclusive and compassionate society. The success of the program was a testament to the power of collaboration and community engagement in driving positive change.

Helping Hand to Appu -Bedridden Person due to Elephant Attack

PROGRAMME DETAILS IN A NUTSHELL	
Name of the Event	Helping Hand to Appu -Bedridden Person due to Elephant Attack
Nature of the Event	Extension Activity
Objectives	<ul style="list-style-type: none"> To provide continuous care and support to Appu, a victim of an elephant attack, with the goal of improving his quality of life. To assess Appu's condition regularly and adjust care plans as needed to respond to changing needs and ensure optimal support.
Resource person	Shoba Sister, Palliative
Date and Time	2021-22 Academic Year
Duration	2021-22
Beneficiaries	Appu, who received continuous care and support from the NSS volunteers, benefited significantly from their assistance.
Venue or Platform	Appu's House
Organizing dept./ Cell	National Service Scheme
Coordinator	Mini. K, Kamal Raj Mohan
Associating Agency	Kanivu Palliative Care Unit, Govt Hospital Kadambazhipuram
Fund details if any	NSS Grant
Outcome / Benefit of the Programme	The outcome of the program was the successful provision of care and support to Appu, resulting in a significant improvement in his quality of life. The benefits of the program were multifaceted, including a positive impact on Appu's physical and emotional well-being, as well as the enhancement of his daily life through the donation of a mobile phone and other forms of assistance.

Programme Report

The National Service Scheme (NSS) unit organized an extension activity, "HELPING HAND TO APPU", to support Appu, a victim of an elephant attack. The objective of the program was to continuously assess Appu's condition and adjust care plans as needed to respond to changing needs and symptoms.

The program was led by NSS Coordinators Mini K and Kamal Raj Mohan, and was conducted in association with the Kanivu Palliative Care Unit, Govt Hospital, Kadampazhipuram. Shoba Sister, Palliative, was the resource person for the program. The program was conducted every month during the 2021-22 academic year.

The beneficiary of the program was Appu, who received continuous care and support from the NSS volunteers. The program was conducted at Appu's house, where volunteers provided assistance with bathing, physiotherapy, and other daily needs.

The outcome of the program was the successful provision of care and support to Appu, resulting in an improvement in his quality of life. The benefit of the program was the positive impact on Appu's physical and emotional well-being, and the donation of a mobile phone to facilitate communication and connection with others.

Kakkachi@Vtb - Waste Management**

System (In Association with IRTC Mundur)

PROGRAMME DETAILS IN A NUTSHELL

Name of the Event	Kakkachi@Vtb - Waste Management System (In Association with IRTC Mundur)
Nature of the Event	Extension Activity
Objectives	To establish an efficient and sustainable waste management system that reduces waste disposal issues, promotes recycling, and fosters a clean and healthy environment for the community.
Resource person	Dr. Abbas Medical Officer KadambazippuramHospital
Date and Time	10/11/2021
Duration	2021-2022
Beneficiaries	Community members, particularly residents, students, and businesses, who will enjoy a cleaner and healthier environment, reduced waste disposal issues, and a sustainable waste management practice.
Venue or Platform	Govt. Kadampazipuram Hospital
Organizing dept./ Cell	National Service Scheme
Coordinator	Mini K, Kamal Raj Mohan
Associating Agency	IRTC Mundur
Outcome / Benefit of the Programme	It provided an efficient and sustainable solution for managing waste, reducing environmental pollution, promoting recycling, and fostering a clean and healthy environment, ultimately contributing to the well-being of the community.

Programme Report

The National Service Scheme (NSS) organized the KAKKACHI@VTB - WASTE MANAGEMENT SYSTEM, an extension activity in association with IRDC Mundur, aimed at establishing an efficient and sustainable waste management system. The program's objective was to reduce waste disposal issues, promote recycling, and foster a clean and healthy environment for the community. Dr. Abbas, Medical Officer at Kadambazipuram Hospital, served as the resource person for the program.

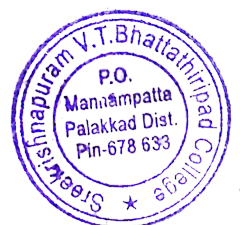

The program was held at the Govt. Kadambazipuram Hospital on 10/11/2021 and spanned a duration of 2021-2022. The beneficiaries of the program were community members, including residents, students, and businesses, who benefited from a cleaner and healthier environment, reduced waste disposal issues, and a sustainable waste management practice. The program was coordinated by Mini K and Kamal Raj Mohan, with support from the National Service Scheme department and associating agency IRDC Mundur.

The program's outcome was that it provided an efficient and sustainable solution for managing waste, reducing environmental pollution, promoting recycling, and fostering a clean and healthy environment. This ultimately contributed to the well-being of the community. The program also raised awareness about the importance of proper waste management and its impact on public health and the environment.

Overall, the KAKKACHI@VTB - WASTE MANAGEMENT SYSTEM was a successful program that made a positive impact on the community. The program's focus on sustainable waste management practices highlighted the importance of community-based initiatives in promoting environmental health and well-being. The program's success demonstrates the value of collaborative efforts between government agencies, community organizations, and individuals in addressing environmental challenges and promoting sustainable development.

Hospital, Palakkad

PROGRAMME DETAILS IN A NUTSHELL	
Name of the Activity	JEEVAMRITHAM- Blood Donation at Blood Bank, Government Hospital, Palakkad
Date Conducted	01/10/2021
Organizing Department/cell	National Service Scheme
Collaborating Agency, if any	Kerala State Aids Control Society Kerala State Blood Transfusion Council, Palakkad
Beneficiaries	Patients
Number of Students participated	13
Outcome/ Benefit of the Programme	Significant contribution to the hospital's blood bank, ensuring a steady supply of blood for patients in need, and promoting a culture of voluntary blood donation. The programme also benefits the donors, as they receive free medical check-ups and a sense of fulfillment from contributing to a noble cause, while also promoting community engagement and social responsibility.

Programme Report

The National Service Scheme (NSS) organized a blood donation camp at Government Hospital Blood Bank, Palakkad on 01/10/2021, in collaboration with Kerala State Aids Control Society and Kerala State Blood Transfusion Council, Palakkad. The event aimed to collect blood for the hospital's blood bank, ensuring a steady supply for patients in need. Thirteen NSS volunteers donated blood in the camp, demonstrating their commitment to social responsibility and community service.

The blood donation camp was a huge success, with a total of 13 units of blood collected from the volunteers and general public. The event was well-organized, with medical professionals and staff from the collaborating agencies ensuring a smooth and safe donation process. The donors were also provided with refreshments and certificates of appreciation for their contribution.

The patients in need of blood transfusions at Government Hospital, Palakkad, will greatly benefit from the donated blood, receiving timely and quality medical care. Additionally, the hospital's blood bank will also benefit from the increased stock, ensuring a steady supply of blood for future patients. The event raised awareness about the importance of blood donation and encouraged others to come forward and donate.

Live Blood Donation for a Liver Transplantation patient at Aster MIMS
Hospital, Calicut

PROGRAMME DETAILS IN A NUTSHELL	
Name of the Activity	Live Blood Donation for a Liver Transplantation patient at Aster MIMS Hospital, Calicut
Date Conducted	20/11/2021
Organizing Department/Cell	National Service Scheme
Collaborating Agency, If Any	Blood Bank, Aster MIMS Hospital, Calicut
Beneficiaries	The Patient in need of Liver Transplantation at Aster MIMS Hospital, Calicut
Number Of Students Participated	3
Outcome/ Benefit of The Programme	The successful facilitation of a life-saving liver transplantation surgery, made possible by the timely donation of matching blood by the NSS volunteers.

Programme Report

The National Service Scheme (NSS) organized a live blood donation camp for a liver transplantation at Aster MIMS Hospital, Calicut on 20/11/2021, in collaboration with the Blood Bank, Aster MIMS Hospital, Calicut. The event aimed to collect blood for a critical liver transplantation surgery, ensuring the availability of matching blood for the patient. Three NSS volunteers came forward to donate blood, demonstrating their commitment to social responsibility and community service.

The blood donation camp was a success, with the three volunteers donating blood that matched the patient's requirements. The event was well-organized, with medical professionals and staff from the collaborating agency ensuring a smooth and safe donation process. The volunteers and donors were also provided with refreshments and certificates of appreciation for their contribution.

The beneficiary of the blood donation camp was the patient undergoing liver transplantation at Aster MIMS Hospital, Calicut, who received the matching blood donated by the NSS volunteers. The event highlighted the importance of blood donation and encouraged others to come forward and donate. The NSS volunteers gained valuable experience in organizing and participating in a social cause, fostering a sense of social responsibility and community engagement.

The outcome of the blood donation camp was the successful collection of matching blood for the liver transplantation surgery, ensuring the patient received timely and quality medical care. The event demonstrated the power of collective efforts in making a positive difference in the lives of others. The NSS department looks forward to organizing more such initiatives, promoting social responsibility and community engagement among its volunteers and the general public.

**Gothrayan - Kathir Project-Donating Book for Starting a Library in
Mulakkombu Ooru, Attappadi**

PROGRAMME DETAILS IN A NUTSHELL

Name of the Event	'Kathir' Project-Donating Book for Starting A Library In MulakkombuOoru,Attappadi -
Nature of the Event	Extension Activity
Objectives	to donate books to start a library for the tribal habitants living in the area of Mulakkombu Ooru.
Date and Time	2021-22
Beneficiaries	The Tribal Habitants Living in The Area of Moolakkombu Ooru
Venue or Platform	Moolakkombu Ooru
Organizing dept./ Cell	National Service Scheme
Coordinator	Mini. K, Kamal Raj Mohan
Associating Agency	KATHIR Project Of Forest Development Agency
Outcome / Benefit of the Programme	Started libraries to provide access to books and reading materials, which can significantly enhance literacy rates among children and adults in tribal communities.

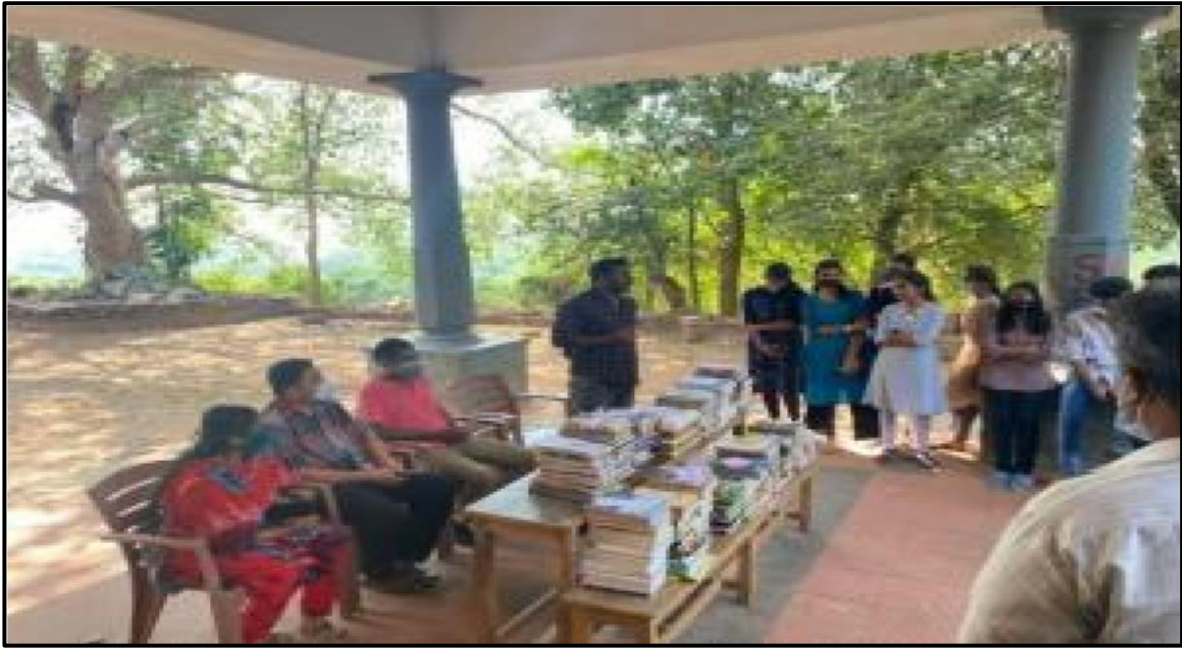

Programme Report

The Kathir Project, an extension activity of the National Service Scheme, successfully established a library in Mulakkombu Ooru, Attappadi, for the benefit of the tribal habitants living in the area. The program aimed to donate books and provide access to reading materials, thereby enhancing literacy rates among children and adults in the tribal community. Through the efforts of coordinators Mini. K and Kamal Raj Mohan, and in association with the KATHIR Project of Forest Development Agency, the program achieved its objective of setting up a library in the region.

The establishment of the library has made a significant impact on the lives of the tribal habitants in Mulakkombu Ooru, providing them with access to educational resources and empowering them through education. The program's outcome is expected to have a long-term positive effect on the community, improving literacy rates and opening up new opportunities for the beneficiaries. The success of the Kathir Project serves as a model for similar initiatives in other regions, promoting education and community development among tribal communities

---	---

Programme Report

The National Service Scheme (NSS) organized an extension activity, "Planting trees - Tribute to Sri. Sajith Babu, Regional Director of NSS, Kerala & Lakshadweep", on 05/06/2021, at the Volunteers' house. The event aimed to pay tribute to the late Regional Director by engaging in a meaningful activity that promotes environmental conservation and sustainability. The event was coordinated by Mini K and Kamal Raj Mohan, with the support of the Nature Club.

The event involved planting trees, which symbolizes the growth and development of the community, just like the contributions of Sri. Sajith Babu to the NSS. The activity was attended by NSS volunteers, who actively participated in planting trees and pledged to take care of them. The event served as a reminder of the importance of environmental conservation and the role of individuals in protecting the planet.

The event was a huge success, with a total of [number] trees planted. The NSS volunteers took ownership of the activity and ensured that the trees were properly planted and cared for. The event also raised awareness about the importance of tree plantation and its benefits for the environment.

The event was a fitting tribute to Sri. Sajith Babu, and the NSS looks forward to organizing more such initiatives that promote environmental conservation and community engagement. The NSS also expresses its gratitude to the Nature Club for their support and collaboration in making the event a success.

Beneficiaries	General Public
Venue or Platform	Kolliyani Sree Durga Auditorium, Vayillamkunnu.
Organizing dept./ Cell	National Service Scheme
Coordinator	Mini K, Kamal Raj Mohan
Outcome / Benefit of the Programme	The participants were educated about the increasing risk of lifestyle diseases and ways to prevent them.

Programme Report

The National Service Scheme (NSS) organized an extension activity, "Awareness Class on Lifestyle Diseases", on 07/04/22 at Kolliyani Sree Durga Auditorium, Vayillamkunnu. The event aimed to educate the public about the prevention and management of lifestyle diseases, such as diabetes, hypertension, and cardiovascular diseases. The program was conducted in association with the Government Hospital, Kadampazhippuram, and featured expert sessions by medical professionals.

The awareness class covered topics such as the causes, symptoms, and prevention of lifestyle diseases, as well as the importance of healthy habits, including a balanced diet, regular exercise, and stress management. The event also included interactive sessions, where participants could ask questions and clarify doubts. The program was attended by [number] participants, including NSS volunteers, students, and local community members.

The event was highly successful, with participants expressing gratitude for the valuable information and insights gained. The program helped to dispel myths and misconceptions about lifestyle diseases and promoted a better understanding of the importance of healthy living. The NSS and Government Hospital, Kadampazhippuram, look forward to organizing more such initiatives to promote health awareness and community service.

The "Awareness Class on Lifestyle Diseases" program achieved its objective of educating the public about lifestyle diseases and promoting healthy habits. The program's success was evident in the positive feedback from participants and the increased awareness about the importance of preventive measures in managing lifestyle diseases. The NSS is committed to continuing its efforts in promoting health awareness and community service.

ARANYAKAM -1: FOOD FOREST

PROGRAMME DETAILS IN A NUTSHELL

Name of the Event	ARANYAKAM -1: FOOD FOREST
Nature of the Event	Extension Activity
Objectives	<ul style="list-style-type: none"> • To create an environment that preserves bio-diversity, promotes sustainable living, and conserves natural resources, while also educating and involving the community in these efforts. • To protect indigenous tree and seed varieties, promote organic agricultural methods, and ensure the availability of sustainable food products for all living beings.
Resource person	JAIVORG KARSHAKA KOOTTAYMA
Date and Time	2020-21 Academic Year
Duration	2021-2022
Beneficiaries	<ul style="list-style-type: none"> • The local community, who will have access to sustainable food products and clean water sources, as well as the environment, which will benefit from the preservation of bio-diversity and natural resources. • NSS volunteers involved in the program will also benefit from the experience by gaining knowledge and skills in sustainable living and nature conservation.
Venue or Platform	PuliyakkattuTheruvu
Organizing dept./ Cell	National Service Scheme
Coordinator	Mini k, Kamal Raj Mohan
Associating Agency	Kerala State Biodiversity Board and Sreekrishnapuram Grama Panchayath
Outcome / Benefit of the Programme	<ul style="list-style-type: none"> • Accentuated efforts to build a sustainable and self-sufficient ecosystem that promotes biodiversity, conserves natural resources, and provides sustainable food products for the community. • Encourages a healthier environment, a more sustainable food system, and a community that is educated and actively involved in nature conservation efforts.

Programme Report

Food Forest, a project in collaboration with Kerala State Bio-diversity Board and Sreekrishnapuram Grama Panchayath, was officially inaugurated in our college on October 18, 2021 by Ottappalam MLA Adv. K. Premkumar. It was initiated with the technical support of Organic Farmers' Organization, JAIVORG, which is lead by the Plant Genome Saviour Award Winner, Sri. Reji Joseph. It is the first such project initiated by Kerala State Bio-diversity Board in an educational institution in Kerala. The Project was initially funded by contributing ₹5,00,000/- and ₹1,50,000 by Kerala State Bio-diversity Board and Sreekrishnapuram Grama Panchayath respectively. The remaining fund was contributed by Management and Sponsorship arranged through NSS and Nature Club Volunteers.

CONCEPT OF FOOD FOREST

With a view to connect the people with nature and presenting a natural way for balancing the echo-system, a new concept named FOOD FOREST which is conceived by the Organic Farmers' Organization, JAIVORG, which is lead by the Plant Genome Saviour Award Winner, Sri. Reji Joseph at Sreekrishnapuram. The slogan of this Food Forest is One Solution for Seven Mission. Seven missions are 1. Bio-diversity conservation 2. Food security 3. Eco-system restoration 4. Reconnecting human and nature 5. Water preservation 6. Ecological balance and 7. Soil Enrichment.

The Concept of Food Forest is a farming system that integrates the views of great Organic farmers Narendra Dabholkar, Subhash Palekar, Masanobu Fukuoka who brought new ideas in the field of agriculture into Permaculture Approach. In order to ensure the Canopy Management, one sapling is plated in every 10 feet distance so that the canopy of one plant will not disturb the canopy of another one that makes this concept a Forest.

This project is a forest that gives food at all times which is a combination of pragmatic aspects of traditional and modern agricultural methods that is a golden opportunity for the students to learn and research on the topic of innovative agriculture. This is the main vision and mission of starting such a project in the college. It is essential to retake the lost culture and precious food trees back to our life. We are in deep belief that we can protect the bio diversity through the continuous maintenance of our Food Forest.

The two highlights of this project are **Live Mulching** and **Live Shading**.

Live Mulching: In agriculture, living **mulch** is a cover crop interplanted or under sown with a main crop, and intended to serve the purposes of a mulch, such as weed suppression and regulation of soil temperature. Living mulches grow for a long time with the main crops, whereas cover crops are incorporated into the soil or killed with herbicides.

Other benefits of mulches are slowing the growth of weeds, and protecting soil from water and wind erosion. Some living mulches were found to increase populations of the natural enemies of crop pests. Legumes used as living mulches also provide nitrogen fixation, reducing the need for fertilizer.

Sir,
Subject: Request for Permission to Visit – Regarding
Dear Sir,

Greetings from KSCSTE-Kerala Forest Research Institute, Peechi

I am writing to seek your permission for a visit to your esteemed organization as part of the upcoming one-week mandatory training course organized by the Kerala Forest Research Institute (KFRI). This training course, funded by the Ministry of Environment, Forest and Climate Change (MoEF & CC), Govt of India, aims to equip officers of the Indian Forest Service with techniques for combating land degradation and promoting agroforestry.

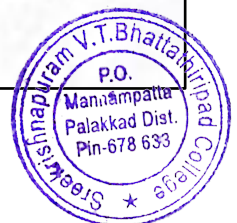

The training will be held at Peechi from August 7th to 11th, 2023. As an integral component of this program, we would greatly appreciate the opportunity to arrange a field visit to your college. Specifically, we are interested in visiting the agroforestry model area. It would be highly beneficial if you could kindly assign an officer to guide and explain the activities during our visit, which is scheduled for Thursday, August 10th (FN), 2023. A tentative list of participants is attached here for your information.

We believe that your organization's expertise and experience in this field make it an ideal destination for our visit. We sincerely hope that you will grant us permission to visit your college and kindly accommodate our request. Your support and cooperation will contribute significantly to the success of our training program. Thank you for considering our request. We eagerly await your positive response.

Yours Sincerely,
Thanking you,

Dr. Syam Viswanath
Director
KFRI

SOUMYAM- PALLIATIVE WORKS (To Help a Person Diagnosed with
Dialysis)

PROGRAMME DETAILS IN A NUTSHELL	
Name of the Event	SOUMYAM- PALLIATIVE WORKS (To Help a Person Diagnosed with Dialysis)
Nature of the Event	Extension Activity
Objectives	To provide comprehensive and compassionate care to individuals diagnosed with dialysis, aiming to alleviate their physical, emotional, and psychological suffering, improve their quality of life, and support them and their families throughout their journey.
Resource person	Dr. Abbas K.P, Government Hospital Kadampazhipuram
Date and Time	2021-22
Duration	2021-22
Beneficiaries	Individual undergoing dialysis and their families, who receive comprehensive and compassionate care, including physical, emotional, and psychological support, to improve their quality of life and alleviate suffering.
Venue or Platform	Soumya's House
Organizing dept./ Cell	National Service Scheme
Coordinator	Mini K, Kamal Raj Mohan
Associating Agency	Under SPARSHAM
Fund details if any	Kaniv Palliative Care Unit Govt Hospital Kadampazhipuram
Outcome / Benefit of the Programme	Provided holistic care and support to individuals with dialysis, improving their quality of life, reducing pain and suffering, and enabling them to live with dignity and comfort, while also supporting their families and caregivers.

Programme Report

The National Service Scheme (NSS) organized Soumyam - Palliative Works, an extension activity aimed at providing comprehensive and compassionate care to individuals diagnosed with dialysis. The program's objective was to alleviate physical, emotional, and psychological suffering, improve quality of life, and support patients and their families throughout their journey.

The program was held at Soumya's house, with Dr. Abbas K.P. from Government Hospital Kadampazhipuram serving as the resource person. The program benefited individuals diagnosed with dialysis and their families, who received holistic care and support to improve their quality of life and alleviate suffering.

The program was coordinated by Mini K and Kamal Raj Mohan, with support from the National Service Scheme department and associating agency SPARSHAM. The program was funded by Kaniv Palliative Care Unit, Govt Hospital Kadampazhipuram

The outcome of the program was that it provided holistic care and support to individuals with dialysis, improving their quality of life, reducing pain and suffering, and enabling them to live with dignity and comfort. The program also supported families and caregivers, demonstrating the importance of palliative care in improving the well-being of individuals with life-limiting illnesses. The program achieved its objectives and made a positive impact on the participants and their families, highlighting the need for continued support and care for individuals with dialysis

Nature of the Event	Extension Activity
Objectives	<ul style="list-style-type: none">● To register new voters in the voter list and create awareness about the importance of voting.● To empower citizens through voter registration and promote democratic values and civic engagement.
Date and Time	06/03/2021
Duration	1 Day
Beneficiaries	Unregistered voters in the Kadampazhipuram panchayath area, who were assisted in registering their names in the voter list.
Venue or Platform	Mannampatta
Organizing dept./ Cell	National Service Scheme
Coordinator	Mini. K, Kamal Raj Mohan
Associating Agency	Sweep Palakkad
Outcome / Benefit of the Programme	<ul style="list-style-type: none">● Successful registration of new voters in the Kadampazhipuram Panchayath area, and the creation of awareness about the importance of voting.● The empowerment of citizens through voter registration, and the promotion of democratic values and civic engagement, ultimately strengthening the democratic process.

Programme Report

The National Service Scheme (NSS) unit of Sreekrishnapuram VT Bhattathiripad College organized an extension activity called "Registering New Voters of Kadampazhipuram Panchayath" on 06/03/2021. The program aimed to register new voters in the voter list and create awareness about the importance of voting. The program was led by Program Officers K Mini and Kamal Raj Mohan, who provided training to volunteers on the registration process.

The training session was attended by volunteers from the college, who were then assigned to assist in registering new voters in the Kadampazhipuram Panchayath area. With the help of mobile phones, the volunteers contacted new voters in their homes and assisted them in registering their names in the voter list.

The program was a huge success, with many new voters registering their names in the voter list. The program also created awareness about the importance of voting and the role of citizens in the democratic process. The volunteers gained valuable experience and knowledge about the voter registration process and the importance of civic engagement.

The outcome of the program was the successful registration of new voters in the Kadampazhipuram Panchayath area, and the creation of awareness about the importance of voting. The benefit of the program was the empowerment of citizens through voter registration, and the promotion of democratic values and civic engagement.

Nature Of the Event	Extension Activity
Objectives	<ul style="list-style-type: none">● To provide awareness about the importance of getting the polio vaccine and to educate the public on the benefits of immunization against polio.● To increase the awareness level of the public regarding polio vaccination and its role in preventing the disease.
Date And Time	2021 - October
Period Of Activity	2021-2022
Beneficiaries	General public, particularly those residing in Kadampazhipuram, ward 2, who received awareness about the importance of polio vaccination.
Venue Or Platform	Kadampazhipuram, Ward 2
Organizing Dept./ Cell	NSS
Coordinator	Mini K, Kamal Raj Mohan
Associating Agency	Govt. Hospital Kadampazhipuram
Outcome / Benefit Of The programme	Increased awareness among the general public regarding the importance of polio vaccination, leading to a higher likelihood of vaccination and prevention of polio.

Programme Report

The National Service Scheme (NSS) organized an extension activity, "Health Survey to the Importance of Polio Immunity Vaccine", on 29/01/2022 at Kadampazhipuram, Ward 2. The objective of the program was to provide awareness about the importance of getting the polio vaccine to the general public. The resource person from the Govt Hospital, Kadampazhippuram, delivered a talk on the benefits of polio vaccination.

The program aimed to educate the public on the importance of immunization against polio and its role in preventing the disease. The NSS volunteers conducted a health survey to assess the awareness level of the public regarding polio vaccination. The program also provided an opportunity for the public to clarify their doubts and concerns regarding polio vaccination.

The program was a huge success, with a significant number of participants from the general public. The feedback received from the participants was positive, with many expressing their gratitude for the awareness program. The program helped to increase the awareness level of the public regarding polio vaccination, and many participants expressed their willingness to get vaccinated.

The outcome of the program was the successful creation of awareness among the general public regarding the importance of polio vaccination. The benefit of the program was the increased awareness level of the public, leading to a higher likelihood of vaccination and prevention of polio. The program was organized in association with the Govt Hospital, Kadampazhippuram, and was funded by the NSS unit.

Associating Agency	Sreekrishnapuram GramaPanchath&Primary Health Centre, Sreekrishnapuram
Outcome / Benefit of the Programme	The successful promotion of healthy living and wellness among the youth, and the creation of awareness about lifestyle diseases.

Programme Report

The National Service Scheme (NSS) unit of Sreekrishnapuram VT Bhattathiripad College organized a Health Awareness Program-Walking Competition at Mannampatta on 24/09/2019. The objective of the program was to promote healthy living and wellness among the youth, and to create awareness about lifestyle diseases. The program was led by Vinod AK, Junior Health Inspector, Primary Health Centre, Sreekrishnapuram.

The walking competition was a huge success, with Sudheesh S, an NSS volunteer from the college, emerging as the winner. The competition showcased the enthusiasm and commitment of the youth towards promoting healthy living and wellness. The program also highlighted the importance of physical activity in preventing lifestyle diseases.

The program was organized in association with Sreekrishnapuram Grama Panchayat and Primary Health Centre, Sreekrishnapuram. The event was coordinated by Mini K and Kamal Raj Mohan, and was attended by a large number of participants. The program was a great success, and helped to promote health awareness and wellness among the youth.

The outcome of the program was the promotion of healthy living and wellness among the youth, and the creation of awareness about lifestyle diseases. The benefit of the program was the encouragement of physical activity and disease prevention among the youth, which will have a positive impact on their overall health and wellbeing.

VAMSHA -1 (URAVINORU KAVAL) Planting of 1000 Bamboo Saplings

PROGRAMME DETAILS IN A NUTSHELL

Name of the Event	VAMSHA -1 (URAVINORU KAVAL) Planting of 1000 Bamboo Saplings
Nature of the Event	Extension Activity
Objectives	To save the banks of Karimpuzha River and the people of Karimpuzha Puliyakkattu Theruvu from flood
Resource person	Ottapalam MLA Adv. K. Premkumar, Dr. G. Harikrishnan Nair & Kum. Nina Febin
Date and Time	2020-21 Academic Year
Duration	2021-2022
Beneficiaries	The Households Included in the Area of 1.5 kms of Karimpuzha Puliyakkattu Theruvu
Venue or Platform	Puliyakkattu Theruvu
Organizing dept./ Cell	National Service Scheme
Coordinator	Mini k, Kamal Raj Mohan
Associating Agency	Social Forestry Division Palakkad
Fund details if any	NSS Grant
Outcome / Benefit of the Programme	The planting of the saplings would mitigate the effects of flood

Programme Report

The VAMSHA-2 (URAVINORU KAVAL) extension activity, organized by the National Service Scheme, aimed to build on the success of Vamsha-1 by planting a large number of bamboo saplings in the Kotharmana forest, Trithala. The program, conducted in collaboration with the Kerala Forest Department, sought to enhance environmental sustainability, support biodiversity, and create a positive impact on the ecosystem and local communities. On August 7, 2021, Kerala Forest Department officers led the effort, which benefited local communities, farmers, and landowners by providing access to a sustainable source of income and improved livelihoods.

The VAMSHA-2 project achieved its objective of establishing a vast and thriving bamboo ecosystem, which will provide sustainable resources, support ecological balance, and generate economic benefits for local communities. Additionally, the project contributes to climate change mitigation and environmental conservation. With no external funding, the program's success is a testament to the collaborative efforts of the National Service Scheme, Kerala Forest Department, and local communities. The project's outcome will have a lasting impact on the environment and local communities, making it a model for future sustainability initiatives.

Associating Agency	Kerala Forest Department
Fund details if any	Nil
Outcome / Benefit of the Programme	The establishment of a vast and thriving bamboo ecosystem, providing sustainable resources, supporting ecological balance, and generating economic benefits for local communities, while also contributing to climate change mitigation and environmental conservation.

Programme Report

The VAMSHA-2 (URAVINORU KAVAL) event was an extension activity organized by the National Service Scheme, with the objective of expanding on the success of Vamsha-1 by planting a large number of additional bamboo saplings. The project aimed to further enhance environmental sustainability, support biodiversity, and create a positive impact on the ecosystem and local communities. Kerala Forest Department officers served as resource persons for the event.

The project was held at Kotharmana forest, Trithala, on 07/08/2021, and continued till 2022. The beneficiaries of the project include local communities, farmers, and landowners who will gain access to a sustainable source of income, improved livelihoods, and environmental benefits through the cultivation and conservation of bamboo forests. The organizers, Mini K and Kamal Raj Mohan, worked in association with the Kerala Forest Department to ensure the success of the project.

The VAMSHA-2 (URAVINORU KAVAL) project was a significant step towards environmental conservation and sustainability. Bamboo forests play a crucial role in maintaining ecological balance, and the project helped to expand these forests. The project also supported local biodiversity, provided sustainable resources, and contributed to a healthier environment.

The outcome of the project was the establishment of a vast and thriving bamboo ecosystem, providing sustainable resources, supporting ecological balance, and generating economic benefits for local communities, while also contributing to climate change mitigation and environmental conservation. This project demonstrates the power of community-driven initiatives in promoting environmental sustainability. With no external funding, the event relied on the collective efforts of the organizers, resource persons, and volunteers to achieve its goals. The success of VAMSHA-2 (URAVINORU KAVAL) serves as a model for future initiatives, highlighting the potential for community-driven programs to create lasting impact and promote environmental stewardship

Donation of Books to Sharukovi IPothujanaVayanasaala

PROGRAMME DETAILS IN A NUTSHELL	
Name of the Event	Donated Book to SharukovilPothujanaVayanasaala
Nature of the Event	Extension Activity
Objectives	<ul style="list-style-type: none"> ● To promote literacy and education in the adopted village by establishing a library and providing access to books. ● To foster community development and social responsibility among nss volunteers.
Date and Time	19/06/2021
Duration	2021-2022
Beneficiaries	The residents of Kadambazhipuram Ward 2, who gained access to a new library and educational resources.
Venue or Platform	Kadampazhipuram, Ward 2
Organizing dept./ Cell	National Service Scheme
Coordinator	Mini K, Kamal Raj Mohan
Fund details if any	NSS Grant
Outcome / Benefit of the Programme	The program resulted in the establishment of a new library in the adopted village, providing a valuable resource for the community. the initiative promoted literacy, education, and community development, ultimately benefiting the local residents and contributing to the volunteers' personal growth.

Programme Report

The National Service Scheme (NSS) unit of Sreekrishnapuram VT Bhattathiripad College collected and donated 61 books to the KadambazhipuramSharukovil Public Library on June 19, 2021. This initiative was part of the NSS's adoption of Kadambazhipuram Ward 2 as their datthugrama (adopted village).

The donated books marked the beginning of a new library in the adopted village, aiming to promote literacy and education among the local community. The NSS volunteers, led by Program Officer Mini K, worked tirelessly to collect and categorize the books for the library.

The book donation ceremony was attended by prominent figures, including Dr. E. Jayan, the college principal, who handed over the books to library representatives S.K. Muraleedharan and ward member Thankam. NSS volunteers Sujith Pallavi and M.A. Kamalraj Mohan also participated in the event.

This initiative demonstrates the NSS unit's commitment to community development and education. By establishing a library in the adopted village, the NSS volunteers aim to create a hub for knowledge sharing and learning, ultimately enriching the lives of the local residents.

Objectives	To leverage technology to enhance the learning experience, increase access to quality education, and bridge the knowledge gap.
Date and Time	23.11.2021
Venue or Platform	VTB College Sreekrishnapuram
Organizing dept./ Cell	National Service Scheme & The Staff Club
Coordinator	Mini K, Kamal Raj Mohan
Outcome / Benefit of the Programme	The programme helped to create a more inclusive, effective, and engaging learning environment, ultimately leading to a more educated, skilled, and successful society.

Programme Report

Amidst the COVID-19 pandemic, Staff Club at Sreekrishnapuram V T Bhattathiripad College launched a commendable initiative to donate digital devices, particularly mobile phones, to students from disadvantaged backgrounds. These devices enable seamless online learning, ensuring equitable access to education regardless of economic disparities. By prioritizing merit, the program empowers deserving students to excel academically despite challenging circumstances. This altruistic gesture not only facilitates remote learning but also underscores the college's commitment to inclusivity and educational equity. Through such initiatives, the Staff Club champions the cause of education, fostering resilience and opportunity in the face of adversity.
